

UNM-LA Library Online Resources

The Library has 10 public computing stations, all of which have internet access and access to Microsoft Office. To use a library computer, please check out a mouse at the Circulation Desk. The library also has WiFi access. Visit <http://www.la.unm.edu/Wireless/> to configure your laptop to access the wireless network at UNM-LA.

Library Home Page - The Library web site shown below serves as a portal to most of the electronic resources available in the Library. Links are provided to information about the library, the collection, policies, and procedures. Links are also provided to LIBROS (the online catalog), a variety of periodical index databases, subject databases, general reference sources, websites on variety of topics, and other library web sites and catalogs.
