

2009 Summer Fun!

2009 Children's College "Exploration & Beyond" AUGUST 3RD-7TH

Join us for our 25th Annual Children's College as we explore various topics in science, engineering, math, and other current issues using hands-on, discovery style learning. Students rotate through different workshops each day. Specific topics will be available at a later date and are subject to change. **A limited number of RASEM scholarships (funded by National Science Foundation) are available for children with disabilities or financial need-base status. Tuition includes all materials and snacks. We will partner with PEEC (Pajarito Environmental Education Center.) Please call 662-0336 or 662-0346 for scholarship application and workshop information.**

LCC1 Staff	Entering 1 st – 3 rd grades	Monday- Friday	8am-12noon	\$125
LCC2 Staff	Entering 4 th – 6 th grades	Monday- Friday	1pm –5pm	\$125

PLEASE NOTE: *To be placed in the same group as a friend or family member – register early or we will be unable to grant these requests.*

Young Readers and Writers Conference (3rd-6th Grades)

Come and explore the fascinating world of the written word. This special conference is designed for students who wish to enhance their oral and written skills, either as readers or writers. Participants may choose from several workshops. Specific topics for this year's conference are subject to change. Please call 662-0336 or 662-0346 for workshop information. Tuition includes all materials; students bring their own lunch and drink. **Students choose one workshop per session.**

2009 Summer Workshop for Kids

Join the fun! The workshops are designed for students who wish to explore the world of art, computers, dance, drawing, yoga, and other various topics using hands-on, discovery style learning. Specific topics will be available at a later date and are subject to change. Limited Space – Only 12 students per workshop. Grade levels will depend on individual workshops. **Call Community Education at 662-0336 or 662-0346 for workshop information.**

BEGINNING TAP FOR YOUTH (GRADES 1st-3rd)

The young student will learn tap techniques and styles course at introductory level.

L1234/30341	M. Balice	Wed.	July 8-29	1:00-2:00pm	4 days	\$60
--------------------	------------------	-------------	------------------	--------------------	---------------	-------------

MAGIC ON STAGE! THE ART OF ACTING (GRADES 2nd-7th)

In this course participants will learn about the basics of acting and work on giving a good performance. They will learn how to project their voices, show emotions and interpret scripts, how to move on the stage and some of the basic terms that are important to know in the theatre. Participants will work on how to read dramatically and how to do a monologue. They will also work on how to have an audition and what most directors want to see. If time permits, we will also study some of the difference between acting on stage and acting for the screen (movies and television). The class will perform a small performance for family and friends on the last day.

L703/30342	M. Adams	Tue.	July 7-28	2:30-5:00pm	4 days	\$75
-------------------	-----------------	-------------	------------------	--------------------	---------------	-------------

MAGICAL MYSTERIES & MERRIMENT (Grades 3rd-6th)

In this course the student will explore the fascinating world of paper magic, numbers, puzzles, magical mirrors, mazes and the challenge of a labyrinth course.

L704/30343	V. Adams	Th.	July 9-30	3-:00-5:00pm	4 days	\$70
-------------------	-----------------	------------	------------------	---------------------	---------------	-------------

IMAGINARY & MAGICAL CREATURES (Grades 4th-7th)

The student will learn about magical and imaginary creatures. The course will provide an opportunity to increased literacy about mythology and folklore. The students will use writing and art to play with and expand those ideas and should have a great deal of fun. **No class July 15**

L705/30344	T. Adams	Wed.	July 8-29	2:30-5:00pm	3 days	\$65
-------------------	-----------------	-------------	------------------	--------------------	---------------	-------------

INTRODUCTION TO GAME DEVELOPMENT (Grades 7th-12th)

In this course the student will explore the professional world of video game design through hands on learning and lectures from individuals in the video game industry. To bring a positive environment for young teens who have aspiration of joining the video game industry and would give some experience of creating a video game. A USB memory stick is recommended to save files between home and the classroom.

L303/30361	R. Leonski	Tue.	July 7-28	2:00-5:00pm	4 days	\$150
-------------------	-------------------	-------------	------------------	--------------------	---------------	--------------
